UR

EXPERIENCE (cont.)

Massachusetts Institute of Technology (MIT) Cambridge, MA
Research Assistant

Dec 2012
-Jan 2014

- Worked under the direction of MIT Professor Lawrence Sass on the design of "press-fit" houses using CNC mills and parametric modeling techniques.

- Consulted with professors from Singapore University of Technology + Design in order to design software that automated the modeling of the "press-fit" homes.

OPPENHEIM ARCHITECTURE + DESIGN Miami, FL
Intern Architect

Jul 2010
-Jul 2011

- Contributed to the design development of multiple Competition winning projects:
  -<u>Wharf Road Hotel</u> Surfer's Paradise, Australia
  -<u>Hyatt Regency</u> Chicago, IL, USA
  -<u>Net Metropolis</u> Manila, Philippines (Under Construction)
  -<u>Wadi Rum Desert Resort</u> Wadi Rum, Jordan
  -<u>Williamsburgh Hotel</u> Brooklyn, New York, USA

- Developed Info-graphics and diagrams for competition entries and presentation materials.

- Participated in conference calls with international clients.

MONAD STUDIO North Miami, FL
Graphic Designer / Architectural Designer

Nov 2009
-Jul 2011

- Designer/Editor of "Pulsation In Architecture" (J. Ross Publishing, 2011):
  -Spoke directly to the author, Eric Goldemberg on the aesthetic and artistic goals of the publication.
  -Communicated with various architecture offices to collect work samples featured in the book.
  -Designed page layouts and supervised Interns; distributed layout assignments among them, and recorded progress.

- Assisted in Design/Visualizations for the following research projects and exhibitions:
  -Digital Nouveau 1910-2010 Wolfsonian Museum, 2011
  -"Lincoln Road: Envisioning Infrastructure" (eVolo Summer 2010 Issue)
  -"Fall 2008: Epic Design Center: Student Work" (FIU, 2008)

UR

EXPERIENCE (cont.)

Habitat for Humanity Miami, FL/Delmas, Haiti
Volunteer Designer

<div align="right">Jun 2010
-Dec 2010</div>

- Worked directly with a Miami architect on the design of Delmas Orphanage, a shelter for the children displaced by the 2010 Haiti earthquake.

- Communicated with the benefactors, project manager, engineer, and residents in Haiti in order to design a solution that caters to their needs.

- Involved in various humanitarian and community outreach projects in the Downtown area of Miami, Florida; one of the poorest cities in the United States per capita.

Miami Awning Miami, FL
Draftsman

<div align="right">Jun 2006
-Sept 2009</div>

- Drafted permit drawings for the approval of the board of architects at various municipalities.

- Worked with contractors and construction workers both at the factory and on-site.

- Optimized more complex designs using 3D modeling software before outsourcing the materials for laser cutting and CNC milling operations.
